

Speaking Test

(Pilot_012)

Part 1. Interview

Task A. Greetings & Introduction

Hi, my name is _____, and I'm your interviewer. How are you today?

For the record, can you please tell me your complete name and home address?

Task B. Providing Job-Related Information

What would you do if a controller calls you with an instruction, but you cannot understand him, even after he has repeated his message several times?

Part 2. Role-Play

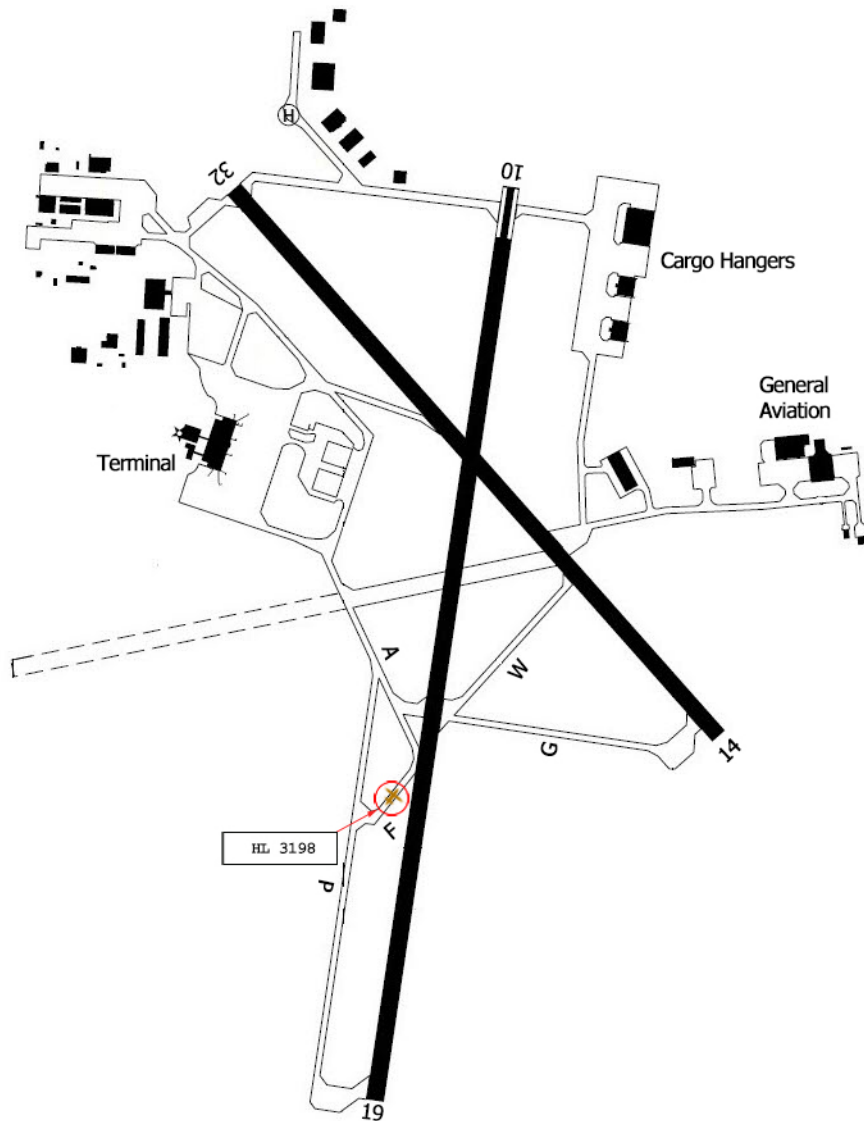

Note: The test taker's callsign for all three sections is Hotel Lima three one niner eight. The interviewer should tell the test taker his/her callsign prior to starting.

Task A. Situation 1

Imagine you are taxiing for departure, but there are thunderstorms around the airport. As you only have enough fuel to get to your destination, you will need to shut down all engines and wait if a long taxi delay is expected. The controller will be contacting you soon. Listen to the message and inform the controller about your situation.

Task B. Situation 2 (Picture)

Look at the picture provided. You have 15 seconds to study the picture.

You are currently holding short of runway one niner. The controller will be contacting you soon with a clearance to takeoff. Listen to the controller's message then make an appropriate response.

Task C. Situation 3

Imagine you are cruising at flight level three niner zero. You were put on speed control by ATC and instructed to maintain Mach point eight one. You have encountered moderate turbulence and wish to maintain normal speed for turbulence penetration. Make a request to the controller, then listen carefully to the controller's response and respond as necessary.

Part 3. Providing Information and Sharing Opinions

Task A. Work-Related Situation

In what types of situations must an aircraft make a hold over an airport? Explain in detail.

Task B. Presenting an Idea about a Picture

Look at the picture provided. You have 15 seconds to study the picture.

Briefly describe what you see in the picture. What is occurring in the picture? Why is the action shown important to flight safety?

Task C. Stating an Opinion

Most airports are located conveniently near major cities, but not near enough to cause too many problems. In your opinion, where is the best place to build an airport? Why?
