

# Speaking Test

## (Radar NSR-002)

### Part 1. Interview

#### *Task A. Greetings & Introduction*

Hi, my name is \_\_\_\_\_, and I'm your interviewer. How are you today?

For the record, can you please tell me your complete name and home address?

#### *Task B. Providing Job-Related Information*

Some people believe that a women's voice over the radio is easier to understand for pilots. Do you agree with this belief? Why or why not?

### Part 2. Role-Play

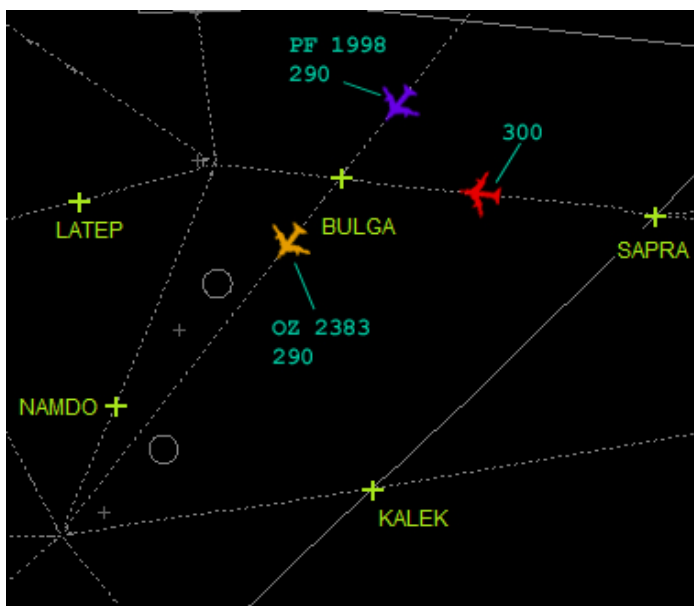

Note: The interviewer narrates the situation and plays the role of the pilot. The test taker is the controller and responds to the situation and/or message.

#### *Task A. Situation 1*

Imagine you are working as an area controller. A pilot has reported moderate turbulence at flight level three three zero along November eight niner two. Mike Uniform two one one six, is being transferred to you and will be contacting you soon. Listen to the pilot's message, then give him instructions to change his altitude to flight level three five zero to avoid the turbulence.

#### *Task B Situation 2 (Picture)*

Look at the picture provided. You have 15 seconds to study the picture.

Your radar shows that Papa Foxtrot one niner niner eight is in conflict with a fast moving, unidentified aircraft, about eight miles to his left. Warn the pilot about the aircraft as you respond to his message.

#### *Task C. Situation 3*

Imagine you are working as an area controller. Lima Hotel one six four two is headed to Taipei, maintaining flight level three six zero and has requested a deviation ten miles to the right due to weather. Approve the pilot's request, then listen carefully to the pilot's response and respond as necessary.

### Part 3. Providing Information and Sharing Opinions

#### *Task A. Work-Related Situation*

Due to the nature of radio communications, misunderstandings between pilots and air traffic controllers are bound to occur. Do you think pilots and air traffic controllers should resolve misunderstandings over the radio if they happen? Why or why not?

#### *Task B. Presenting an Idea about a Picture*

Look at the picture provided. You have 15 seconds to study the picture.

Describe what you see in the picture in as much detail as possible. What do you think happened to the aircraft? How do you think it happened?

#### *Task C. Stating an Opinion*

Do you think air safety is endangered if a new air traffic controller is allowed to deal with a heavy traffic situation while under the direct supervision of an experienced air traffic controller? Why or why not?
