

**English Proficiency Test for Aviation**  
**(Pilot Speaking)**

## **PART1 Interview**

### **Task A Greetings & Introduction**

Hi, my name is \_\_\_\_\_, and I'm your interviewer. How are you today?

For the record, can you please tell me your complete name and home address?

### **Task B Providing Job-Related Information**

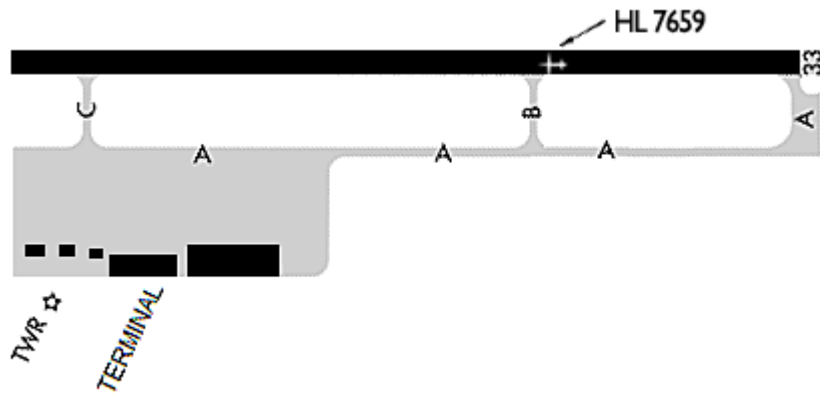

Pilots are required to undergo a medical examination routinely in order to fly. What do you do in order to stay healthy and fit so you pass your medical examination?

## **PART2      Role Play**

### **Task A    Situation 1**

Imagine you are the pilot of HL 7659. On your way to the terminal you are informed by one of the flight attendants that a bag has been found in one of the bathrooms. You decide to stop on taxiway C while the bag is moved away from the passengers. The controller notices you have stopped and calls you on the radio. Inform the controller of the situation and your intentions.

## Task B Situation 2

You have just landed on runway 33 and have requested taxi instructions to the terminal. The controller will be contacting you shortly with taxi instructions. Listen to the controller's message and respond as necessary.

### **Task C Situation 3**

Due to traffic separation the controller has instructed you to reduce your speed to 230 knots. You were recently issued an instruction to climb to a higher flight level, but the controller did not give you clearance to increase your speed. You believe it is now safe to increase your airspeed to 300 knots as some time has passed. Inform the controller of your intentions, then listen carefully to the controller and respond as necessary.

## **PART3      Providing Information and Sharing Opinions**

### **Task A    Work-Related Situation**

Flight delays are becoming more and more common as air traffic and congestion at airports increase. As a pilot, is there anything you can do to minimize the occurrence of flight delays?

## Task B Presenting an Idea about a Picture

Look at the picture provided.

Describe what is occurring in the picture. In what situation would it be necessary for a pilot to put on an oxygen mask?

### **Task C Stating an Opinion**

Concerns about the environment and global warming are on many people's minds these days. As a pilot, what do you think can be done to reduce the amount of harmful emissions produced by the airline industry?
