**(Pilot Speaking)**

## **PART1      Interview**

### **Task A    Greetings & Introduction**

Hi, my name is \_\_\_\_\_, and I'm your interviewer. How are you today?

For the record, can you please tell me your complete name and home address?

### **Task B    Providing Job-Related Information**

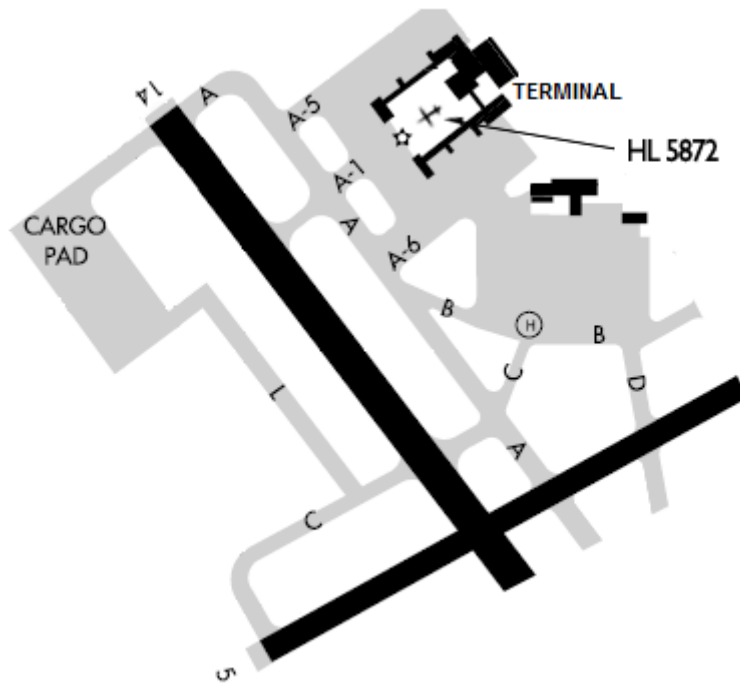

Some pilots have superstitions and perform the same actions before each flight to ensure a safe flight. Do you have a ritual you perform before a flight so you land safely? If so, describe it and explain why you do it. If not, what is your opinion about pilots who perform these actions?

## **PART2      Role Play**

### **Task A    Situation 1**

Imagine you are the pilot of HL 5872. After being issued taxi instructions, snow began to fall heavily. You reached the runway safely, but there seems to be something wrong with your de-icing system. It seems to be working okay for now, but you're worried the problem may become worse during flight. Inform the controller about this as you respond to his clearance.

## Task B Situation 2

You need to taxi to the runway and are awaiting taxi instructions from the controller. Meanwhile, it has started to snow a bit and you're worried about the runway conditions. After being issued taxi instructions, acknowledge them and then ask the controller for information about the runway conditions.

### **Task C Situation 3**

You are nearing the destination airport when a passenger reports they feel very sick. It is not serious enough to warrant declaring an emergency, but you decide to ask the controller for priority landing. Inform the controller about the situation and respond to the controller after he has given his response.

## **PART3      Providing Information and Sharing Opinions**

### **Task A    Work-Related Situation**

One of the most difficult things pilots have to deal with is fatigue due to jetlag. Do you have any special methods to overcome jetlag? What do you usually do to recover from jetlag?

## Task B Presenting an Idea about a Picture

Look at the picture provided.

Describe what is occurring in the picture. Describe an occasion where you performed the action occurring in the picture.

### **Task C Stating an Opinion**

Do you believe passenger announcements are still necessary on flights where the information is readily available to passengers via the in-flight entertainment systems? Why or why not?
